To

The Members of «Club»

On behalf of the DSRPA I thank you for your entry in the 2005/6 Dorset Winter Postal League. Total entries for the league were 190 individuals from 18 different clubs, 80% increase over the Summer League.

Stickers, Score Return Sheets, and Shooting Dates were sent previously under separate cover. I would suggest that you check your stickers to ensure they are correct, with in excess of 10,000 stickers to print some errors wouldn't be unexpected.

Details of allocation of shooters per division is overleaf. There are six cards, five shots per card, to each round, and stickers should be affixed to the face of the target. Team events are shot concurrently. Shot cards should be retained until you receive results for the final round.

Results will be published on completion of each month's returns, and I would normally expect to issue them within a week of the closing date. As during the summer season I will publish copies of Gas & Air on www.parkstonegunclub.co.uk/dsrpa.htm in PDF format.

Both the six yard and the team leagues are run as a handicap league derived from the McRae Handicap System in use for many years by prone rifle shooters. Despite being a handicap system the bias is inevitably towards the shooter with the highest average.
