President ~ The Lord Digby

---

### **FRONT COVER**

#### **Handfast Point**

Old Harry (right) and the Foreland are part of Handfast Point, the most easterly part of the Jurassic Coastline. The vertical chalk cliffs extend about a mile south-westward, ranging in height from about 70ft at Old Harry to 380ft at Ballard Point.

Wind and wave action form caves and arches which eventually collapse and form the scalloped outlines and stacks which are a feature of this section of coastline.

Old Harry is a traditional name for the Devil, and the theme is continued on the section of cliff top leading to Old Harry which is known as Old Nick's Ground.

Current and archived results, Gas & Air, averages etc., are also published in PDF format on [www.dsrpa.co.uk](http://www.dsrpa.co.uk).

Generally speaking they will be available before postal results are received.

The DSRPA also organize Gallery/Sport Rifle Leagues. If you're interested ask for your name to be added to the contact list for this discipline.
